## BATTLE TIDE IS AGAINST FEDERALS

Fights Rages Fiercely at Ojinaga With All in Favor of Attacking Rebels

### CONFLICTING REPORTS AS TO CASUALTIES OF WAR

Neuvo Laredo Battle Seems to Be With Rebels—Federals Likely to Evacuate

EL PASO, Jan. 2.—With the telegraph wire between Presidio and Marfa down for twenty hours, there was no information here this morning of the battle at Ojinaga, where Mexican rebels for three days have been besieging the federals. Correspondents, American army officers, rebel leaders and General Villa are making every effort to re-establish communication. When the last word came six thousand rebels were hammering away at the defenses which were manned by four thousand federals.

The battle is reported to be the bloodiest of the Mexican war campaign thus far fought. The killed on both sides is estimated at above one thousand, while the wounded will number twice as many.

**REFUGEES NOT ADVENTURERS WILL BE CARED FOR BY U. S.**  
WASHINGTON, Jan. 2.—Secretary of War Garrison approved today the action of the American Red Cross on the Texas border in disarming Mexican refugees, and sending them back to Mexico. The Mexican consulate at El Paso has protested. The administration holds that this rule applies to persons who come to the border armed, and that they are adventurers not refugees. Secretary Garrison said:

"When the fighting began an order was issued to admit all unarmed refugees. The order has not been changed. Those coming unarmed will not be sent back to certain death. We will keep them until they can return safely, but armed men cannot cross the border."

### NEWS OF BATTLE FRONT

**SAYS REPORTS EXAGGERATED**  
PRESIDIO, Texas, Jan. 2.—Fighting continued at Ojinaga today, and the crack of rifles incessantly mingled with the crash of artillery. Army officers here say it is believed the refugees reaching here have greatly exaggerated the number of killed. It is believed 118 of the garrison and 50 rebels have fallen, while others were wounded. The rebels were strengthened by 800 arrivals from Coahuila. The army surgeons are treating the wounded at a mission church on the American side of the border.

It was learned that \$70,000 sent from here yesterday to pay the federal troops at Ojinaga was captured, and that the thieves are still at large. Further desertions from the federal garrison occurred today.

**BATTLE RAGES AT NEUVO LAREDO—REBELS ATTACKING**  
LAREDO, Texas, Jan. 2.—The federals at Neuvo Laredo are still holding out against the attacking rebels, but it seemed certain today that they must evacuate. A fierce attack was launched at daybreak, but before the rebels here declared that between 400 and 500 men were killed.

## POSTOFFICE IS NOW READY

WASHINGTON, Jan. 2.—The national capital's new postoffice building was formally dedicated today and preparations made for moving the city staff from the building of the postoffice department, to the new structure. It is located next to the big Union Station and forms one of a group of buildings in the scheme for the beautification of Washington, being a big granite structure fronting on Union Station Plaza.

The Washington postoffice has heretofore occupied all of the first floor of the federal postoffice department building, and the removal will grant the department much needed room.

Will convey yourself and grip to any part of the city, 25 cents. Call 155, Gordon-Grocery.

### GASTON DOUMERGUE, PREMIER OF FRANCE

The new premier of France has formed his cabinet, and is now at the helm of the French government. Predictions have been made in Europe that his coalition will not last very long. But the intricacies of French politics are such that few Americans understand them.

**Medals Ready for All Old Soldiers**  
WASHINGTON, Jan. 2.—The war department announced today that it is now ready to receive applications for campaign badges from soldiers who can show service in the Civil, Indian and Spanish wars, the Philippine insurrection, and the Chinese relief expedition. The badges are in reality medals, coined by the Philadelphia mint.

### Wickersham & Taft to Be Firm of Lawyers

WASHINGTON, Jan. 2.—LeRoy E. Reed, for a number of years confidential secretary to the attorney general, has resigned to become private secretary to his former chief, George W. Wickersham, in law practice at New York, left for the metropolis today.

It is understood here that Wickersham will shortly form a partnership with Henry P. Taft, brother to the former president, and Edwin P. Grosvenor, until recently the government attorney in charge of the harvest trust prosecution.

## MITCHELL IS NOW NEW YORK'S MAYOR

Headache Broke Up Inaugural Reception for New Head of 5,000,000 People

NEW YORK, Jan. 2.—John Purroy Mitchell took office as mayor yesterday with such a New Year's headache that it broke up his public inaugural reception. However, it was not as bad as it sounds, for the city of 5,000,000 people was not suffering from New Year's Eve enthusiasm. He is a sufferer from headaches at frequent intervals, and fate willed it that the jinx should get him yesterday of all days.

At the public reception, Mrs. William J. Gaynor, widow of the former mayor, was among the first to congratulate Mayor Mitchell. After certain other distinguished persons had shaken his hand, the doors of the mayor's office were thrown open and a line of 4000 or more began to file in.

Mitchell was pale, and it soon developed that the ordeal was more than he could stand. After about 500 people had passed, the mayor went into his office. Several thousand persons waited a long time for him to resume his reception, and he did greet about 200 later, but the others were disappointed. Many left cards.

Despite his indisposition, Mitchell courageously went through the ceremony of taking over the administration of the city government from the hands of Mayor Adolph L. Kline.

### DOORKEEPERS MUST STAND

WASHINGTON, Jan. 2.—Doorkeepers in congress must stand up hereafter. They used to have nice soft cushioned chairs, but democratic economy or something else hit the place, and now the doorkeepers don't have things as soft as they used to.

## 70-MILE AN HOUR FARISS DEFENSE

### GALE USHERS IN STORM

Severe Storm Struck 'Frisco Last Night, Continuing Through Today

MAY LAST FOR 36 HOURS LONGER, SAYS FORECASTER

Shipping Menaced and Travel Service is Marred—Lumber Schooner Capsizes

SAN FRANCISCO, Jan. 2.—Ushered in by a wind blowing at the rate of seventy miles an hour off Point Reyes, the severe storm struck San Francisco last night and continued today. It menaced shipping and interfered with travel service. The weather bureau predicts the downpour will continue for the next thirty-six hours.

**Schooner Capsizes**  
The lumber schooner Pomo that capsized outside the heads today is under tow of the steamer Adeline Smith. The vessel's lumber cargo is keeping her afloat, and an attempt this afternoon will be made to tow her into harbor.

SACRAMENTO, Jan. 2.—Flood warnings have been sent by the weather bureau to Sacramento River points, between Red Bluff and Colusa. Water is flooding the levees at Knight's Landing, and predictions are that all the rivers tributary to the Sacramento will rise, but there is no real danger here yet.

**HIGH SEAS WASH AWAY FEET OF EL SEGUNDO PIER**  
EL SEGUNDO, Jan. 2.—Twenty-five feet more of the Standard Oil Company's pier was washed away by the high seas during last night. The damage to the pier is estimated at \$50,000. The high seas continue today.

**Ship Helpless at Sea**  
SAN FRANCISCO, Jan. 2.—A wireless from Captain Houdlette of the steamship Sirra, says the ship lay helpless for twelve hours in an eighty-mile gale, 600 miles out. The message said the weather is calmer.

## LIND AT PASS CHRISTIAN TODAY

President Wilson Will Give Envoy an Audience This Afternoon

PASS CHRISTIAN, Miss., Jan. 2.—The scout cruiser Chester with John Lind, President Wilson's personal envoy, sent to Mexico a few months ago in an effort to bring about peace, on board anchored today off Ship Island alongside the revenue cutter Winona. The Winona had been detailed to bring Envoy Lind to the pier opposite President Wilson's cottage. The President was up early for a walk. That he is displeased that the news that he summoned Lind here has leaked out, is reported.

At 10:30 o'clock the Winona's launch came ashore and Lind, howling on duty a message which the agent carried to the President. It is reported that the President instructed Lind to come ashore this afternoon.

Despite the rain the President motored to Gulfport for golf. At 1:30 o'clock Lind had not appeared. It is reported that he may not see the President until late this afternoon. The President showed signs of interest in the Morgan resignation from directorates, but refused to make any comment.

### PANAMA CANAL OPENING DATE INDEPENDENT OF MEXICAN TROUBLE

WASHINGTON, Jan. 2.—Secretary of War Garrison today issued a positive denial of the published story that the date of the opening of the Panama Canal depends on the settlement of the Mexican war trouble.

## ARGUMENTS ON TODAY

Judge Craig Will Allow Change of Plea if Insanity Can Be Proven

LOS ANGELES, Jan. 2.—Judge Craig today began the hearing of arguments of attorneys for Ralph Fariss, the young Southern Pacific train robber, to permit the youth to withdraw his plea of "guilty" of the murder of Horace Montague, and announced that after the evidence was all in he would take time to consider whether the crime was in the first or second degree. He refused to act now upon the request for a change of plea, but indicated that he may permit it if the evidence shows the insanity of Fariss.

The father of the young bandit, James Fariss, testified as to his "peculiar spells," and a neighbor at Bakersfield testified that the boy robbed her house when he was but four years old. Dr. Pepper, an alienist, testified that Fariss is subject to recurrent violent spells every forty-six weeks.

## MORGAN AND CO. RESIGN AS DIRECTORS

Big Financial Power Quits the Boards of Many Big Railroads in United States

NEW YORK, Jan. 2.—Members of the firm of Morgan and Company have resigned from the directorates of twenty railroad and industrial companies, it was announced today. It is explained that the resignations were made because of the time taken from the firm's business attending directors' meetings.

There has been a marked change regarding directorships that seems to warrant our withdrawal from many companies. He asserted that he had reluctantly accepted the directorships in the first place, and resigned from the directorates of the New York Central, the Lake Shore, the West Shore, Michigan Central, Big Four, Nickel Plate, New York, New Haven and Hartford railroad companies, as well as several smaller lines; also the Western Union. It is said that Morgan will continue as director in the United States Steel Corporation.

### WAR ON POTASH MINING CLAIMS GOES INTO COURTS

SAN BERNARDINO, Jan. 2.—Sheriff J. C. Ralphs and other officers returned yesterday from the Searles lake region, and all is quiet between the rival factions in the mining claims.

### MAINE MAN GIVES HALF OF ESTATE TO CHARITY IN YEAR

MINNEAPOLIS, Minn., Jan. 2.—Twelve colleges, hospitals and charitable institutions of Minnesota, nine of them in Minneapolis, are the recipients of New Year's gifts aggregating \$230,000 from David D. Stewart of St. Albans, Me., who inherited the estate of the late Levi M. Stewart of Minneapolis, a pioneer who died here two years ago. There are no restrictions attached to the gifts.

Stewart's charities in the past year have reached \$639,000, nearly half of the estate that was left him. He had given about \$400,000 to churches, colleges and charitable institutions in Maine.

## A Real Photograph of Dowager Queen Alexandra Compared With One of the Official Pictures

LONDON, Jan. 2.—The Queen Alexandra fiction of youthful appearance has been torn to shreds by a bold London photographer without respect for royalty. He dared to take a picture of Queen Alexandra when she did not pose for it, and he published it without taking out the lines and age of the face.

The photographer caught her at a recent exhibition, and he took a snapshot without asking permission. The result is here seen. England and America have just been flooded with so-called "birthday photographs" of the dowager queen. They show her to be a woman of few years, at least under forty, despite the fact that she is long past the meridian of life.

For forty years the fiction has been sedulously built up in Great Britain and throughout the world that the queen looked very young. Every photograph permitted has shown her to be a young woman. Those who stopped to realize her age wondered. But the comparison here made between the photograph and the painting is plain enough to show some of the truth.

This afternoon Judge West is hearing arguments in three of the four false registration cases from Anaheim. Rev. C. H. M. Sutherland, pastor of the Methodist church, is before the court on habeas corpus proceedings brought by Attorneys Williams & Rutan.

J. C. Bourne and W. W. Walker, alleged "wets," are subject to a motion made by their attorney, H. C. Head, asking that their cases be dismissed. Head contends that when they registered, although they had not been in the state a year, they acted legally. He says they could register if at the next general election they would have been in the state a year.

Judge West has not ruled on any of the cases. Attorney Williams' application for a writ of habeas corpus was accompanied with an affidavit in which it was declared that the evidence brought out at the preliminary examination did not warrant holding Rev. Sutherland for trial. At the preliminary, the defense contended that false registration was not shown, as the affidavit had never become a part of the Great Register, that the affidavit was never completed, in that

Rev. Sutherland and the registration deputy did not fill in the blanks for the date of naturalization, and that in making the affidavit Rev. Sutherland's statements were expressly against any attempt at falsely getting upon the Great Register.

Rev. Sutherland has been out on bail ever since his arrest until this morning. In order to secure a writ of habeas corpus it was necessary that the sheriff have the custody of the person for whom the proceedings are instituted. Accordingly, Rev. Sutherland came in and turned himself over to Sheriff Ruddock. The minister was not locked up, but remained in the sheriff's office until the time came for him to be taken to the superior court by the sheriff.

Attorney Williams contends that Rev. Sutherland was never legally deprived of his citizenship. He was given final papers in July and a few days later it was discovered that a mistake had been made, and the cancelled, court ordered the papers, and the Anderson asserts that a man's citizenship cannot be taken away from him except on certain proceedings, and that Rev. Sutherland was really a citizen when he registered.

## FIRST CLASS OFFICE IN SIGHT

Santa Ana Three Months More With Needed Increase of \$316 Likely

### DECEMBER GREATEST MONTH IN HISTORY

This Postal Year Will See Local Office's Receipts Go \$40,000

Santa Ana's postoffice receipts for the year ending December 31, 1913, were within \$316.43 of making it a first-class office. There is no occasion for feeling disappointed at this small failure, however, for the rating of postoffices is made from the receipts for the year ending March 31, and from the past ratio of increase there is apparently no question about overcoming this discrepancy of \$316 during the next quarter, in which case Santa Ana will enter the list of first-class postoffices on July 1 next.

The month just closed was the most phenomenal in the history of the local office from all standpoints. The receipts of the office were \$5499.43 as against \$4428.79 for December, 1912, or an increase of \$1070.64 for the month. In addition to the tremendous increase in outgoing mail, there is indicated by these stamp sales, there was, of course, a correspondingly greater amount of incoming stuff. As high as 150 sacks of mail were received in a single day during the rush season, in addition to the letter pouches, the delivery of which required the services of three parcel post wagons all day besides temporary assistance from four additional wagons, all in addition to the nine regular letter carriers who were swamped every day with an avalanche of letters and postal cards. The parcel post matter was cleaned up every day, however, with the exception of matter insufficiently addressed, which was inevitably delayed until the address could be supplied.

A comparison of the receipts for the office for the years 1912 and 1913, are furnished by Postmaster Shaw, as follows:

Quarter Ending	1912	1913
March 31	\$8,066.74	\$9,596.35
June 30	\$2,406.82	\$8,596.66
Sept. 30	\$2,235.19	\$9,121.65
Dec. 31	\$1,213.17	\$12,254.77
Total	\$13,741.74	\$39,634.46

The requirements for a first-class office are postal receipts of \$40,000 for the year ending March 31, so it will be seen that the receipts are now only \$316.54 short of the mark. In other words, if the receipts for the next three months show an increase of \$316.54 over those of the same period for last year, the office will become first-class. From the ratio of increase as shown throughout the year, there would seem to be no possibility of a failure to do this.

## RICH MEN PLAN ON LOAN SHARKS

NEW YORK, Jan. 2.—Vincent Astor today confirmed the report that he and Julius Rosenberg of Chicago, and Andrew Carnegie are planning a war on loan sharks, and will use their millions to enable working men to borrow without the loss of self-respect.

"The report is true," Astor replied to a telegram from the United Press. "I believe the plan will be of great value to all victims of predatory loan sharks."

He was not prepared to discuss the details, and Carnegie and Rosenberg could not be reached. It is understood the first bank will be opened in Chicago. A small interest will be charged and workmen will be permitted to borrow as small sums as \$10, and without security other than the endorsement of fellow workmen. Other banks will be established later. The plans call for an original capital of \$5,000,000.

### MUST HOMESTEAD OR LOSE LAND

LITTLE ROCK, Ark., Jan. 2.—Un- less settlers have homesteaded the 55,000 acres of government lands known as the sunk and lake lands, before today, they will be compelled to vacate and permit other persons to homestead it.

It was announced several years ago that because of survey errors in that part of the state no title had been given to several townships. Revised plats have been approved by the department of the interior. Persons living on the tract were given the first opportunity to homestead if eligible.

## ALUMNI AND HIGH SCHOOL PLAY A TIE

Alumni 3, high school 3, read the score at the close of the New Year's game. Some game, too, for a post-season game. It looked as though the high school would have an easy time of it, until Art Lutz and Bill Smart were persuaded to don their togs and get into the mix-up. High school took a slump immediately and that of the alumni doubled, or maybe more.

The alumni team that Jack Newcomer got together was easily the best that has represented the older boys. Lutz and Bill Smart are two of the best players of the American game on the coast. Brick, "Shorty" Lantz and West are as good men in their places as the high school has turned out. Art Collins, ex-Occidental captain, played "some game" at tackle yesterday, while Jack Newcomer showed he hasn't forgotten the tricks of a "quarter," nor lost his speed in running back punts.

In the high school lineup were several subs due perhaps to the Tournament of Roses or some other attraction for regulars. Besides the team failed to show any of its regular sea-

## Suppose This Man Had Been Your Employee? It Would Have Cost You \$7,523.64

The Accident:—

Grocery Store. In comes customer in a hurry. Goods wanted are on a top shelf. Clerk climbs a small stout ladder. Has climbed it a thousand times without an accident. This time he makes a mis-step. Falls. His back strikes the corner of a counter. Injury to spine and ribs broken. Rushed to a hospital. Will be a paralytic for life.

The Result:—

If this accident should happen now, under the new Workmen's Compensation Law, the proprietor of this store would be liable.

FIRST, for all Doctor and Hospital bills, nursing, medicines, crutches or other appliances and supplies for 90 days. At a most conservative estimate this would be .....\$ 225.00

SECOND, to pay 65 per cent of the clerk's salary for 240 weeks. If the clerk made \$85 a month this would amount to the large sum of ..... 3,060.72

THIRD, to pay 40 per cent of the clerk's salary for the remainder of his life. If he was 25 years old when injured, and lived to be only 40 years old, the additional indemnity the employer would have to pay him would be .....4,237.92

This would impose on that small groceryman enough to put him out of business, for the accident would cost him the immense sum of .....\$7,523.64

### BUT

If the groceryman is insured in one of our Companies and any injury comes to an employee the Company assumes all obligation and pays the indemnities. You cannot afford, Mr. Employer, to be without protection. Consult us at once and we will tell you the amount of your premium. ## BETTY'S NEW YEAR'S PARTY

By MARJORIE HOPE  
Copyright, 1913, by American Press Association.

BETTY was impatiently waiting for Jack to come home. He would love the hurt away and be sorry, too, and Jack's arms could make up for a good deal. They had not

been married more than two years, and she was thinking— But, oh, there he was!

"Jack, I can't get my dress."

"Why not, sweetheart?"

"They won't give me any more credit. Oh, I am so tired of this poverty. I want lots of money. I want my dress so much. I begged them so hard to let me have it. I—I—think it's—s-s-o mean!" Choking back her sobs, she turned to Jack for comfort.

Jack pushed her away sharply. "Sometimes I think you haven't any pride. But, if you have none for yourself, for heaven's sake have some for me."

"But aren't you sorry, Jack?" She looked wistfully into the angry face of her husband. She wanted to be loved.

"Of course I am sorry—sorry that you made such a fool of yourself." With which speech he left the house.

Late that night, returning, he sought Betty, penitent and ashamed of himself. She was in their sitting room reading. Going up to her, he knelt down and put his arms around her, but she sprang up, cold and angry.

"Oh, when you are ready to be nice I am to forget that when I wanted you

Her husband sprang up, flushing angrily. "I tell you you are not going out with Monroe tonight. Can I put it any clearer?"

"And suppose I won't stay home?"

"I'll make you stay."

"How, pray?"

"Oh, if necessary, I am strong."

"I understand. I suppose you could beat me into submission if"—

"Oh, Betty, Betty!" he cried, covering his face in horror that she should so have misunderstood him. "Oh, girlie, how could you?"

At his cry all the long pentup love in Betty was momentarily released, and, running up to him, she pulled his hands down.

"Betty is sorry she said that. Jack, she did not mean it. Please, please forgive her, will you?" But he did not kiss her, plead as her eyes did for the curst. This rebuff rather cooled her burst of affection, and she said, "But I am going, just the same."

Her husband laughed softly and, stooping, picked her up in his arms and, walking back to his chair, sat down with his burden and resumed his reading, holding her the while just tight enough to prevent her escape.

"Here you will remain until after the hour for your meeting with Monroe. By the way, what time were you to meet him and where?"

"Eleven-thirty at the corner," she replied quietly. To tell the honest truth, Betty seemed to like this method of prevention. While she would not have given in to his commands, she did not object to being forced to do so.

Suddenly the book fell to the floor, and Jack's hand that had been holding it gently tilted Betty's face back, and he caught the tears and the tenderness. Biting his lips to keep back the longing to kiss away the tears, he tightened his hold on her and with his head thrown back and away from her was soon in the Land of Nod, all forgetful of New Year's eve supper and "eleven-thirty at the corner."

About a quarter to 12 Betty stood in their pretty little dining room, putting the finishing touches to a dainty supper set for two. Quite satisfied that everything was in order, she turned toward the sitting room, to encounter a pale face and frightened eyes.

Slowly taking in the sight before him and also the time, 11:45, his face flushed. "Forgive me, Betty," holding out his arms, into which she came. "I had a few nasty suspicions when I woke up alone."

"I wanted to get back to you before you woke up, dear. We are going to have our own New Year's eve supper, but before we do I want"—

"Gathering her close into his arms, Jack kissed her tenderly and hungrily.

"That was it, Jack. And now," catching his hand and drawing him into the dining room, "this will be so much nicer than any old Williams affair."

## MARVELOUS LONGEVITY

Man Marries at Age of 126 and  
Dies When 132 Years  
Old

Rev. R. R. Raymond Well  
Acquainted With Author  
of Story

Rev. R. R. Raymond, proprietor of Raymond's Department Store in the Central Block, called the Register's attention to a marvelous story published in a recent number of the Pacific Methodist Advocate. Mr. Raymond knows the author of the story, James W. Lee, and says there can be no question as to its veracity.

Here is the story as it appeared in the Pacific Methodist Advocate:  
**A STORY WITHOUT A PARALLEL**  
(By James W. Lee)

About twenty-three years ago I was spending a day with a friend in McDonough, Ga., about twenty miles from Atlanta. Reference was made to an old man in the poorhouse of Henry county, two miles in the country, by the name of Hiram Lester, who was 126 years old. Being assured that there was not the slightest doubt about his age, I proposed a pilgrimage to the poorhouse to see the man. It occurred to me that a person born in 1744, just thirty-two years after Washington was born, and who had lived on the planet with Washington thirty-five years, and who had managed to live ninety-one years after Washington had passed to his long home, was an exceedingly interesting human fact.

Across the fields we walked to the group of cottages, which together make up the Henry County Poorhouse. We found Uncle Hiram Lester sitting under the shade of a tree. Had there been doubt of his age before, the sight of him would have removed the last vestige of it. His face was made up of a network of wrinkles that even Time could never have woven in a shorter period than 126 years. To stand in the presence of a man born in the first part of the reign of George III was sufficient to excite not only the admiration, but the awe and reverence of one endowed with even a slight degree of imagination. But the significance and wonder of the situation of which Uncle Hiram Lester was the center was multiplied by the remarkable fact that he had a son in the poorhouse with him 90 years old—that is, Uncle Hiram Lester's boy was born just one year after the death of Washington. Anyone can see that here was an opportunity for a rare interview.

"How have you managed to live so long?" said I to Uncle Hiram.  
"I don't know," he replied.  
"What do you eat?" said I.  
"Meat and greens and bread," he responded.  
"Do you ever drink any liquor?" was asked.  
"Occasionally I take a dram," he said.  
"Do you use tobacco?" was the

next question fired at this contemporary of Washington.

"I have never used tobacco," he responded, "except for drenching horses for the colic."

I was sorry to have this answer made to my question, because up to that time I had sometimes smoked now and then and it occurred to me that it would be reassuring to learn that a man 126 years old had used tobacco.

I learned upon further inquiries that he was a member of the Hardshell Baptist church, and believed in the decrees of the Lord ordained from before the foundation of the world. In his esteem the secret of living a long time was to fall into line with the laws established by the Almighty. If, by any sort of poetic license, we could think of the divine decrees as a sleeping car, Uncle Hiram Lester had, in the early part of his life, secured for himself a through ticket on this train and quietly domesticating himself in a good comfortable seat had come all the way from 1744 to 1890 without much care or concern. In his esteem the Lord was running things, and as far as he was concerned he had early made up his mind to let the Lord transport him through life.

I was so much impressed with the life of this old man and his son that upon my return to Atlanta I asked Mr. Edwards, a photographer in that city, to go down to McDonough and take a photograph of Uncle Hiram Lester. With pictures to illustrate my interview I wrote the story of Hiram Lester and his son for the Atlanta Journal in 1890. This excited a great deal of attention all over Georgia. Hiram Lester had been a carpenter and had lived a quiet sort of life in the country and perhaps his name had never appeared in a newspaper before, but this account I gave of the old man made him known at once to the people. Georgians, always proud of their commonwealth, were, of course, gratified to think of such a human specimen as having been produced in their section of the country.

The state fair was to be held in the fall of that year in Atlanta. Some young men at McDonough conceived the idea of capitalizing the advertising Uncle Hiram had received, so at the opening of the fair they brought the old man and his boy up to the city, built a tent around them in the grounds of the exposition, and were charging 15 cents for every person who entered the tent to see this remarkable pair of human beings.

There was an old Hardshell Baptist preacher's wife living in Griffin, about 85 years old, who had known Uncle Hiram Lester in the years when he was occupied at his trade as a carpenter, and hearing that he was making money in Atlanta, she came up to the city and renewed her acquaintance with him, and doubtless indicated to him that she would not be altogether in a mood to refuse a proposition of marriage on his part. Anyhow, they were soon engaged.

A young man came to my house early one morning (I was then pastor at Park street church in Atlanta) and asked me if I would perform a marriage ceremony. Not knowing who it was, I said yes. He said that Uncle Hiram Lester and Mrs. Moseley were going to get married and wanted me to perform the ceremony. I told him I could not see my way clear to do it. He wanted to know why. I told him I drew the line at 100 and would marry no man over 100 years old. A justice of the peace was secured and they were married in the fair grounds. They lived together about three months, and then separated. Uncle Hiram Lester and his son going back to the poorhouse and Mrs. Moseley going back to Griffin. Uncle Hiram lived six years after that and died 132 years old. I was living in St. Louis when he passed away and read an Associated Press dispatch in the Globe-Democrat of nearly half a column, giving the particulars of his age and remarkable life. I do not believe this story has any parallel in the history of the United States.

## RESIGNATION IS PRESENTED

Rev. William Thomas Gives  
Written Statement of  
Intention

Last night at a church meeting of the Immanuel Baptist church, Rev. William Thomas, the pastor, presented his written resignation. Three or four weeks ago Rev. Thomas verbally announced his intention to take this step, but the matter could not come up formally for action until the written resignation was received. The resignation was not acted upon by the church last night, but a called meeting of the membership was issued for next Thursday night, at which the resignation will be acted upon. An effort is being made to get Rev. Thomas to remain with the church. He began his services as its pastor on June 1.

## EXPECT TO SUE COCHEMS FOR \$7,500

Guardianship of Boy Who Lost  
Part of Hand in Auto  
Chain Asked

In order to take action on a claim of \$7500 damages against William Cochems of the Vienna Bakery, M. Nasatir has petitioned the superior court for guardianship of his son, Abraham Nasatir, Scarborough and Forgy are attorneys for the petitioner.

Several months ago little Abraham lost one hand when he collided with Cochems' automobile driving out of an alley between Third and Fourth streets onto Spurgeon street. It was dark, and the boy was hastening along the sidewalk on roller skates. When the automobile came out of the alley he was unable to stop, and in his efforts to stop he pitched forward. His hand was thrust out to break the fall, and in some manner it was thrust under the machine and caught in the chain and cogs of the automobile.

## PUSHMOBILE RACES PROVE BIG AFFAIR

First Time Prize Won by No. 2,  
and Design Prize by  
No. 3

Excitement galore was produced yesterday morning by the boys' pushmobile pulled off by James Livesey. The race started and finished at Livesey's store on East Fourth street, where a big crowd gathered to see the fun.

And it was fun—no question about it. All along the mile and a half course, on French, Washington, Broadway and Fourth, scores of people were gathered to watch the unique event. One boy rode in each machine to steer it, and the other pushed the vehicle. Frequent changes were made, and a change was often a marvel of quickness and skill. Without lessening the speed most of the teams could make a change from seat to motive power.

Harlton and Foster won first prize, completing the course in ten minutes and thirty-one seconds. First prize for design went to Enoch and Shaffer. The prizes and event cost Livesey about \$75. Between seventy and eighty boys participated.

One of the features of the race was the entry of Everett Jumper, aged 2 years and 4 months, and Harold King. The little fellow sat in the seat and apparently guided the car. King had to do all the pushing, and without rest he got all the exercise there was coming in the mile and a half. The car did not win a prize.

Hiram Connell, Fred Ross and Henry Rutherford had charge of the affair as starters, timers and judges. The prizes went as follows:

First prize, 2 silver cups, won by Orval Harlton and Millard Foster, No. 2, a Regal.

Second prize, 2 pairs \$3 skates, won by Jerome Stearns and Charles Arve, No. 29, in a Studebaker.

Third prize, two \$1.25 baseballs, won by Frank Kellaci and Ralph Herman, No. 37, Jackrabbit.

Fourth prize, ten tickets to Clune's theater, Beltran Salazar and Rome, No. 17, Buick.

Fifth prize, five tickets to Lyric theater, won by Cecil Butcher and Cecil Stambaugh, No. 13, Cadillac.

Sixth prize, four tickets to Lyric theater, won by Louis Martin and Bob Gerwing, No. 7, Brush.

Seventh prize, three tickets to Lyric theater, won by Andy Cramer and Vincent Nieblas, No. 21, Simpiex.

Eighth prize, two tickets to Lyric theater, won by Neal Raney and Bob Anderson, No. 20, Buick.

Ninth prize, one ticket to Lyric theater, won by Glenn Robinson and Roy Heard, No. 16, Metz.

Five dollar prize for best design won by Lloyd Enoch and Burr Shaffer, No. 3, Studebaker.

### ADVICE ON REGISTRATION

The Sacramento Bee is a paper that has no political alignment. To a greater extent than any other leading daily in the state it answers to the designation "independent." The paper, however, stands consistently for the cause of good government as its publishers see the issue, and all over the northern part of the state the Bee wields a tremendous influence. Its support has been given to Governor Johnson and his administration in a most cordial and emphatic manner and in the present political crisis in the state the Bee is outspoken in its advocacy of registration as Progressives. In a recent editorial, it states the issue with clearness and force and its arguments are strongly commended to the thoughtful consideration of the Progressive voters of Orange county:

"Those who believe the present state administration has accomplished great good and lasting benefits for California and for the masses, and who favor a continuation of the present commendable method of doing public business through business-like methods—for the benefit of the public in general, and not for the greater glory and profit of the corporations—should register their affiliation with the Progressive party of California.

"It is not necessary here to enumerate all the reforms the administration of Governor Hiram W. Johnson has written into state history and upon the statutes of California. They should be as familiar as household words.

"Suffice it to say the people of the state owe an eternal debt of gratitude to the Johnson administration for the present railroad commission alone—a commission which has accomplished more for said people in any one month of its labors than was accomplished in all the 35 years covered by the terms of its predecessors.

"And what is true of the board of railroad commissioners is true also of the board of control and of the various other boards and commissions which have made the Johnson administration the most memorable in California's history.

"As for humanitarian legislation—the protection of the wage-earner, the elevation of womanhood, the safeguarding of girlhood, the dawn of a better day for all who labor and are weary-laden—the Johnson administration stands alone in the annals of California.

"Such an administration must be continued.

"It should be continued personally by the same vigorous hand to which the state today owes so much.

"And those who are proud of the performance of the past and who place implicit trust in the promise for the future—should register as Progressives, alike to show the faith that is in them, and to add strength to the good cause in preparation for the coming battle."

### THE NEW DANCES

Formerly one dancing school term seemed to equip a fellow with all the steps needed for a life time. Now in high society you might as well propose a contra dance to "Old Zip Coon," as the waltz and two-step.

Many of these new figures having arisen from the underworld, a flood of protest has followed the coarse way in which they have been done. Indianapolis and other cities appoint a matron to regulate dances, Cardinal Farley of New York and many other church dignitaries have banned them, and a battle of dancing masters and chaperones has arisen over their propriety.

In favor of the new forms it can be said that the old waltz and two-step had too much sameness, and too frequent repetition of the same figure. This eventually becomes tiresome to people who are fond of rhythmic motion. To some extent the new dances represent new, original and interesting forms. People who have the instincts of ladies and gentlemen can and do dance them correspondingly.

A certain rather novel kind of music has come in with these steps. Much of it has a very exhilarating animation, due to original syncopations, (popularly rag-time) and larger use of the minor scale; all which adds to the zest of it.

People with rough and coarse minds do the old steps roughly and coarsely, as they are now dancing the tango. Probably parents of young people need to watch all forms of dancing more closely, particularly the new figures. A fellow who is disrespectful enough to womanhood to hold his partner immodestly should receive a sharp call

Apparently some of the new forms of dancing may become permanent. But it is up to all who engage in them to see that they are done in a way suited to the home, the school, and the church, rather than the Red Light district.

### INCREASING THE AVAILABILITY OF NITROGEN

The recent discoveries made by Professor Bottomley, of Kings College, London, of means or methods of increasing the activity of the nitrifying bacteria in the soil are of greater importance than perhaps appears at first glance. The importance of atmospheric nitrogen as a source of this most costly of the plant foods has long been appreciated, but its practical use has been limited; (1) to the inoculation of leguminous crops (peas, vetches, etc.), to increase the activity of the bacteria on the root nodules of these leguminous crops which have been frequently sown to plow under as "green" crops; (2) to the direct extraction of nitrogen from the atmosphere and the production of nitrate of lime (calcium nitrate) therefrom. A method which will increase the activity of these bacteria in any soil must then prove of the greatest value and possesses immense possibilities. The fact that estimates place the amount of atmospheric nitrogen above every acre of land at 75,000,000 pounds shows the importance of any method of making use of such amounts as may be necessary and sufficient for plant use. A carload of oranges, more than an average production from an acre of orange trees, contains between fifty and sixty pounds of nitrogen, a quantity truly insignificant in face of the vast amount capable of being drawn upon. It certainly seems well within the range of possibilities for science to enable this amount eventually to be drawn from the atmosphere in space readily available for plant growth.

The discovery of "a medium which when saturated with the nitrogen-fixing organisms, and added to ordinary soil brings about nitrogen-fixation in a remarkable manner" means much, not only as a direct method of "nitrogen fixation" in the soil in an available form, but as also demonstrating possibilities hard to realize.

Wide, practical experiments along the lines of Professor Bottomley's discoveries will be looked for and watched with keen interest by all agriculturists, not the least interested among whom will be the keen and wide-awake citrus fruit growers of California.

## TOLD OLD YEAR GOODBYE

Watched the New Year in and Withal Had a Merry Time at the Irvine Ranch

Nowhere was the old year more merrily ushered out and the new year welcomed in than at the hospitable ranch house of James Irvine, where one hundred guests were entertained on Wednesday night. The guests hailed principally from Tustin and Santa Ana, but there were friends from Los Angeles and Pasadena, and all were royally entertained.

Mr. Irvine gave the company something far out of the ordinary social routine, beginning it by calling his entertainment a watch party. And such a jolly watch party as it was! There were fifteen tables of players in the diversions offered, which were of all sorts and varieties. At one table there was poetry making, at another there was the blowing of feathers, at still another perfect quiet was ordered, while again there was one table where incessant noise was the program. And so players progressed from one table to another and the hours went on in merriment.

Finally the tables were cleared, after beautiful prizes for the various stunts had been won, and delicious refreshments were served. Before the hour of midnight arrived, the guests were furnished with horns and whistles, tin pans, and innumerable things that were noise-making, and as 1913 departed and 1914 came tripping into the scene of action, a perfect babel of sound arose from the horns and whistles and all of the conglomeration of din-producing instruments provided for the occasion.

Then when the old year was really gone and the new one here, the company resumed the merry-making interrupted by the ceremony of hail and farewell. Then the real joy came for the spectators. There were potato races, the old fashioned game of consequences and similar sports in which activity was a prime factor. The gaiety was kept up unflaggingly until 4 o'clock, when the guests, a trifle weary, but still reluctant to depart, wished the host all the good things that 1914 might hold in store for mortals, then voiced their "good mornings" for it was somewhat too early for "good nights."

And long will they remember the passing of 1913 and the advent of the budding year of 1914 as celebrated at the Irvine ranch.

## Happy Hours Club

Miss Florence Brace was hostess Tuesday afternoon to the girls of the Happy Hours Club, they being her guests at the Auditorium matinee and later going to her home, where a jolly time was spent. Dainty refreshments completed the afternoon. Those present besides the hostess were the Misses Milly Mize, Minnie Wild, Mabel Blodgett, Imogene Tillotson, Amy Bert, Jessie Wilke, Mrs. Sutton, Mrs. Drannon and Mrs. Brace.

## I. O. O. F. Installation

Last night was installation of officers for the local Odd Fellows lodge. The work was in charge of District Deputy Grand Master W. W. Perry of Orange and his staff. Following installation came an excellent banquet. This lodge is one of the most stable and highest esteem-

## MURRAY-LACY WEDDING EVOKES GOOD WISHES

The opening of the new year at the city hall is marked by an event of more than usual interest, and while it has been known for some weeks that a certain event was scheduled to take place shortly, the time was a matter of doubt among all but a very few. The event has occurred, and Miss Laura L. Lacy, secretary of the Santa Ana water department, is the bride of James W. Murray, a popular and efficient member of the Santa Ana police department.

The wedding occurred at Los Angeles, Riverside, San Bernardino or some other place as a part of the surprise upon their friends. The couple returned today to receive the congratulations of hosts of friends. The bride is one of Santa Ana's best loved daughters. She is a member of one of the county's most prominent families. Her father, Dr. J. M. Lacy, was a pioneer physician of this city. Not only is she well known for her family's sake but she is most highly esteemed for her own. Courageous and cheerful under trials, and sunny and kind at all times, she is close to the hearts of scores of people in Santa Ana and Orange county. To both Mr. and Mrs. Murray will be given heartfelt good wishes for the heartiest of futures.

ed lodges in the county. Officers installed last night were:

Past grand, R. K. Bishop; noble grand, William C. Jerome; vice grand, Park Ash; secretary, Charles P. Matterson; treasurer, E. F. Waite; warden, R. M. Wallace; conductor, H. H. Allen; chaplain, G. C. Law; R. S. N. G. J. E. Lieb; L. S. N. G. E. D. Bradley; R. S. S. R. B. Cook; L. S. C. R. Williamson; R. S. V. G. J. H. Fowler; L. S. V. G. C. E. Harlan; inside guard, W. H. Adams; outside guard, P. H. Anderson.

Tomorrow night will be installation in the encampment, the installation being open for all Odd Fellows.

## Entertained Delta Alphas

Mrs. Fred Moorhouse and Miss Grace Griggs last night entertained the Delta Alpha girls at their home, 806 East Fourth street. A very pleasant evening was enjoyed with various amusement and refreshments. New officers for the class were also elected. Those present besides the two hostesses of the evening were, Nettie Smith, Johanna Veenschoten, Nellie Nelson, Edna Masters, Doolittle, Bessie Winters, Cora Winters, Lorraine French, Cora Craig, Marie Drake, Virginia Johnston, Frances Johnston; Mrs. Van Doren, Mrs. Murphy, Mrs. Albert Shaw, Mrs. Zoe Williams, Mrs. Krause.

## Travelers to Meet

Mrs. Smart's home on North Main street will be the meeting place next Monday afternoon for the ladies of Travel Club Number One, instead of the home of Mrs. Linn Shaw.

## THE MICHIGAN PICNIC

Regular Mid-Winter Affair to Be Held on January 10 at Birch Park

The regular mid-winter picnic of the Santa Ana Michigan Society will be held Saturday, January 10, at Birch Park.

The officers of the association have been preparing a program, and it is thought that the picnic on the date mentioned will be as well attended and interesting as any of the preceding ones.

There has been a Michigan Society organized at Orange, and the Santa Ana society will invite the baby organization to meet with them on the day they have their picnic, and formulate plans for a central society so that all in the county may have an opportunity of meeting with old friends, and enjoying themselves with native born and former residents of the Wolverine State.

Basket lunches will be the order of the day, and it is expected that each one bringing a lunch will provide for at least one more than their own party, so as to be able to offer their hospitality to some who will be unprepared with lunch, as there are a good many who board.

## Relief Corps Meeting

With the "Greetings of the Season," the W. R. C. met in the G. A. R. hall for their usual business meeting. Mrs. Catherine Fischer occupying for the last time the president's chair, which she has so ably filled during the past year. The treasurer, Mrs. Pendleton, whose pleasant face was always seen at her post, will also be missed in the future.

Many calls and sending of bouquets were reported as being made during the holidays. The following officers were appointed for the coming term:

Secretary, Mrs. Julia Garrison, assistant conductress, Mary Moore; assistant guard, Emma Lieser; patriotic instructor, Carrie Ely; musician, Grace Moesser; press correspondent, Nellie King; first color bearer, Ida Deck; second color bearer, Viola Phipps; third color bearer, Agnes Colver; fourth color bearer, Lizzie Marsile.

A joint installation with Sedgwick Post will take place on January 14 at 2 o'clock at G. A. R. hall. All new officers are requested to meet at the G. A. R. hall on Friday, January 9, for rehearsal.

New members whose names have not been previously mentioned are Mesdames Augusta Davis, Emma Chapman, Clara Huff and Mary Myrick. Mesdames Catherine Fischer and Ida Deck have been appointed as national aides to the national president.

Since the previous meeting the W. R. C. has presented Sedgwick Post with \$50 and two 25-foot bunting flags. The acknowledgment of these gifts made by the post was pleasing to the W. R. C. ladies.

## New Year's at Newport Beach

One of the pleasant New Year's events was a house party at the W. A. Huff cottage at Newport Beach, those in the party being Mr. and Mrs. W. A. Huff, Mr. and Mrs. Parke S. Roper, Mr. and Mrs. L. R. Collier, Mr. and Mrs. M. A. Yarnell.

## Personals

V. H. York of Tepec, Mexico, is here for a visit with his family, who have been here since the first trouble in Mexico. Mr. York made a business trip to San Francisco before coming here.

Mrs. Wm. Gooding and daughter, Helen, spent Christmas with Mrs. Gooding's sister, Mrs. L. A. Mason, on French street.

Edwin and Lamont McFadden returned to Pomona College today after spending the holiday season at home.

Mrs. L. J. Calhoun of 165 Bush street, who has been visiting in the east during the past three months returned yesterday.

Miss Hazel Musser of Berkeley and Miss Leola Stapleton of Stanford University were guests this week from Monday until Wednesday at the John McFadden home, 906 North Main street.

The families of F. Holzgraffe and August Schmickel are having a visit from Missouri relatives; G. F. Bram of Denver, Worth county, Mo.; and Mrs. Krull of Cosley, Mo. The latter is Mrs. Holzgraffe's sister and used to live in Santa Ana. The visitors expect to spend the winter here.

Martin Warren was a visitor to Pasadena yesterday to see the Rose Tournament.

Dr. I. D. Mills went to Los Angeles this morning.

Mrs. W. L. Deimling and daughter, Persana, were visitors to Los Angeles this forenoon.

C. C. Grawitz, the bookbinder, has decided to locate in Butte county, where he will soon open business. He at one time lived in Chicago. Mr. Grawitz is anticipating a successful business.

M. J. Bundy has removed his stock of groceries to the corner room of the Richelieu Hotel building. It is said this was the last empty store room in the business section of Fourth street.

Chief Tinsley of the Rocky Ford, Colo., fire department, is here with his family, and all remain permanently. The high altitude of Rocky Ford was injuring the chief's health, and the move to California was made for that reason. He likes it here very much and if Santa Ana continues to agree with his health he will adopt it as his home. With his family he is now located on East Second.

Miss Sarah Gardner and her house guest, Miss Kate Cameron, of Toronto, went to Pasadena Wednesday for a few days' stay. They took in the Rose Tournament and expect to visit Mount Lowe before returning. Miss Cameron is here for the winter.

Mrs. Harl J. Kittle and daughter and son went up to Los Angeles this morning on an early car.

Mrs. Henry Sears and son, of Los Angeles, are visiting at the home of Mrs. Sears' parents, Mr. and Mrs. Theo. Lacy, Sr.

Mr. and Mrs. P. Baumgartner and Chauncey Pond motored to Pasadena yesterday to enjoy the glories of the Tournament of Roses, held for the twenty-fifth time yesterday.

Miss Alice Cranston returned today to Pomona College.

Mr. and Mrs. F. C. Rowland went to Los Angeles today.

Alan Reed went to Pomona this morning to look after his music class there.

**Students' Recital**  
—Miss Zoe Glidden will give a demonstration of the work of her music pupils, at 2:30 on Saturday, Jan. 3, at her studio, 117½ West Fourth street. Those interested in the work of young children are especially invited to attend.

Miss Glidden will illustrate some interesting points in her teaching with the work of two little girls from her class in Hollywood, aged six and seven years, who have studied less than a year.

**NOTICE TO MEMBERS OF THE SANTA ANA VALLEY WALNUT GROWERS' ASSOCIATION**  
The final dividend of all regular grades of walnuts delivered during the season of 1913 will be declared and paid within a short time. It is expected this will be done within the next two weeks. The old grades of walnuts will not be included in this dividend. These will be paid for as soon as they are sold.

## BUSINESS HOUSES CHANGING IN ORDER TO PERMIT BUILDING

Today the transformation of the Spurgeon block at the southwest corner of Fourth and Sycamore streets was begun. Two of the stores have already moved that the tearing out of the old building may commence for the building of the four-story brick.

J. E. Tillotson's clothing store is in its new location on Sycamore street near the postoffice. Mr. Tillotson, a veteran clothing man, has a splendid stock of goods in his new store, which is now open for business on the same principle of "a square deal for all," that has made Mr. Tillotson's store popular.

Hill & Blauer, the grocers, have moved their store around on Sycamore street, also in the new Spurgeon building, and are doing business there today.

Crookshank & Co. Company will begin moving soon, workmen now being busy preparing the new location for the store. This splendid store is to move to the room formerly occupied by the postoffice.

The White Cross Drug Store is moving to its new location across the street in the Rossmore building, and Roper's Book Store goes into the same room with Shaffer's Music Store.

**DRAINAGE BONDS ARE SUBJECT TO THE TAX**

By a ruling of the treasury department drainage and river protection coupons are subject to the income tax. That means that those who present coupons to County Treasury for payment will be subject to the income tax unless the coupons are accompanied with an affidavit showing the owner of the bonds to be exempt by reason of insufficient annual income to be taxed on that income.

**WOMEN AND WET FEET**

Cold and wet feet are a dangerous combination, especially to women who are more prone to kidney disease than men. Congested kidneys come from a cold, and backache, rheumatism, urinary irregularities and rheumatic forms are not unusual results. Foley Kidney Pills restore the regular and normal action of the kidneys and bladder, and so remove the cause of the trouble. It is an honest and curative medicine that always gives results.—Wingood's Drug Store.

**Things You Want to Keep**

It would try you sorely to lose some things which you possess; for instance, those jewels which repose, insecurely, in drawers or secret hiding places, and those private papers which are the written evidence of matters of far reaching importance to your interests. Get them all together in absolute, not questionable safety. It won't cost nearly as much to rent a safe deposit box in the vaults of the Orange County Savings & Trust Company as it would to advertise for them and pay rewards for their return, should they become lost or stolen. Our box renters are taking no chances. They are on the side of safety.

## SHOT IF FIRED ENGLANDER IN JAIL

Lawrence Englander and Arthur Jacobs were out walking with two young ladies, had a disagreement, and the affair ended with Englander firing a shot. Englander is in jail. Jacobs was not hit.

It seems that one of the girls had given Jacobs \$10 to keep for her, and in taking his gloves from his overcoat pocket \$5 was lost. Either that or jealousy started the dispute last night. Englander finally left the party, and later he hired an automobile. Driving up to the two girls and Jacobs on First street near Birch, he jumped out of the automobile, and with a revolver in his hand he declared that he guessed he would shoot Jacobs. He made Jacobs put his hands in the air. Jacobs says Englander was trembling, and he thought he would not shoot, but Englander to shoot, Englander fired a shot, jumped into the automobile and drove away.

Dr. J. M. Barlow was just putting up his automobile, and was a witness to the shooting. Jacobs was not struck.

## SEPARATISTS EAGER AFTER THE PROXIES

Fight Over Division of Oil and Water Interests Proves Hot One

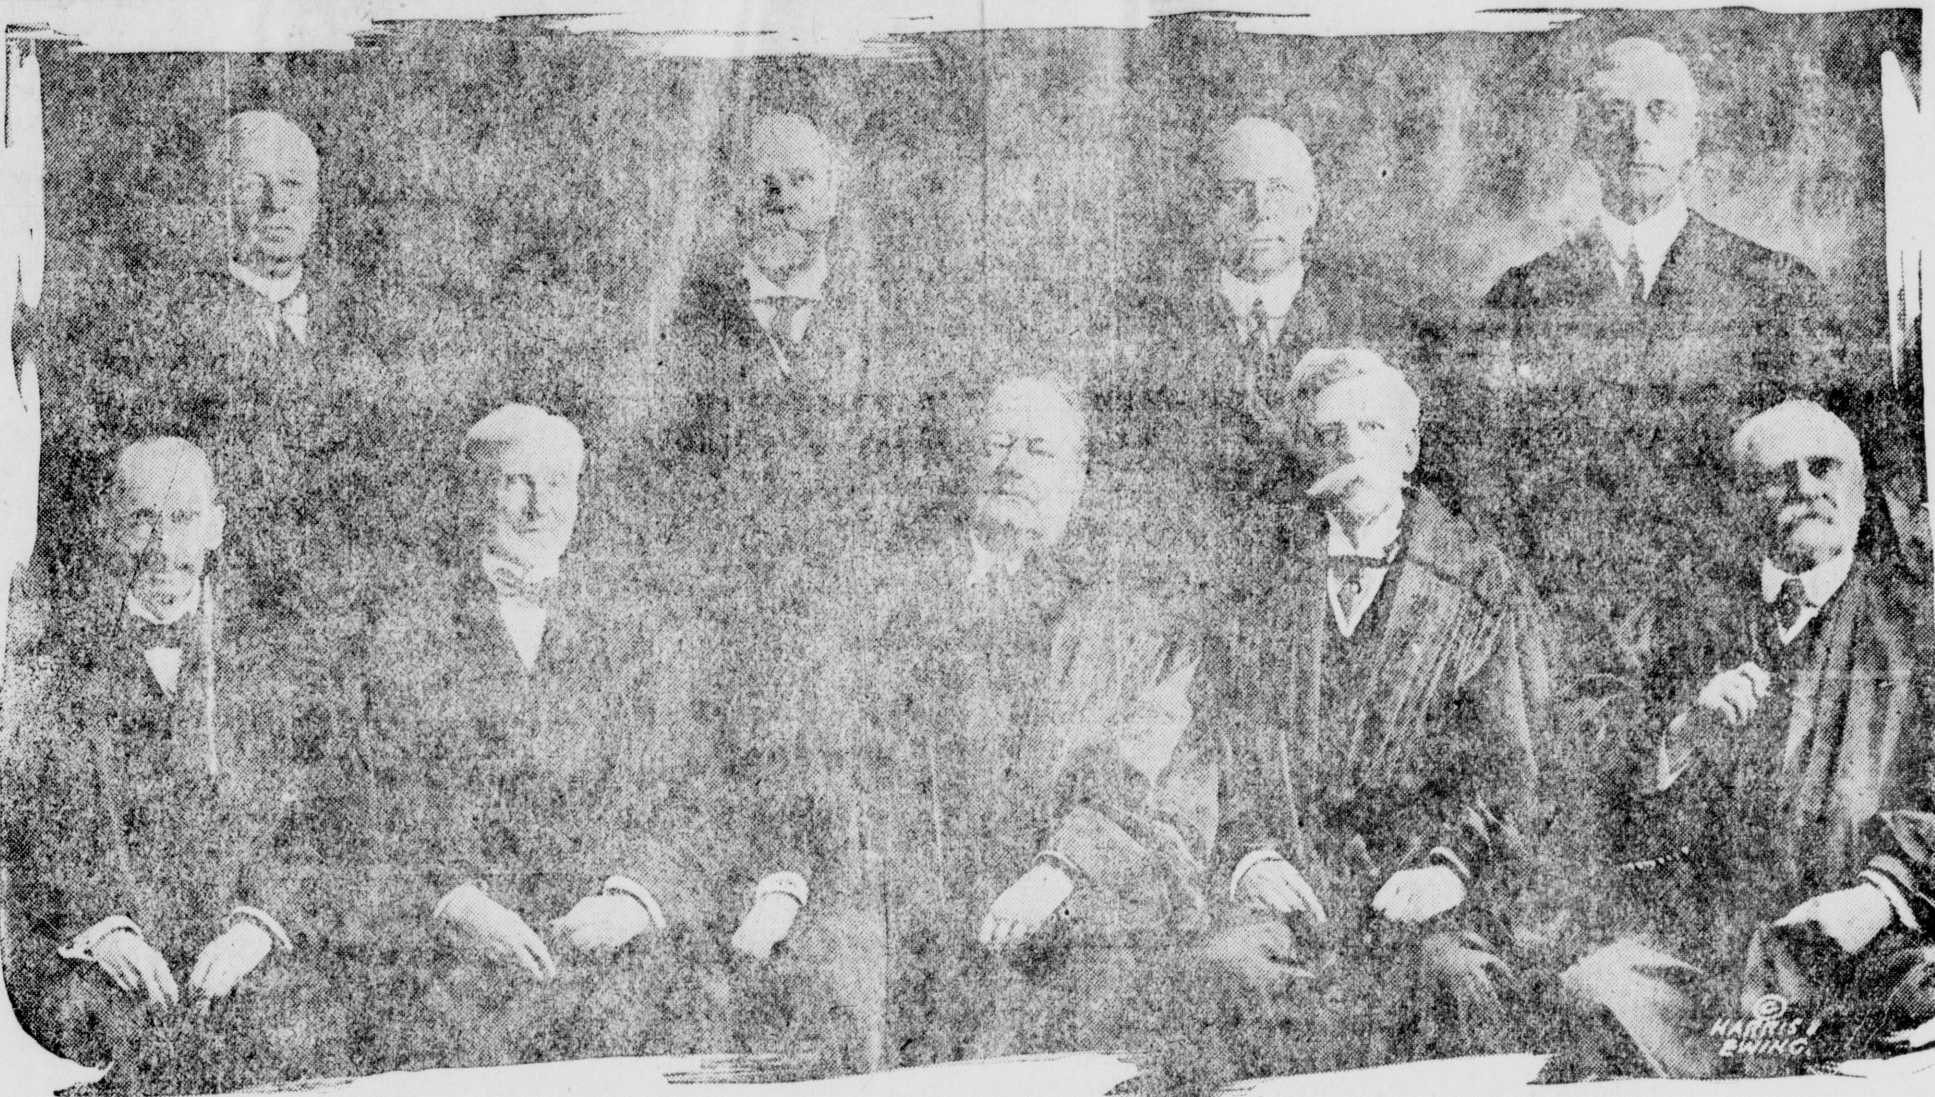

Anaheim Gazette: Stockholders in the Anaheim Union Water Company who favor segregation of oil and water are eager in quest of proxies to be voted at the annual meeting January 31. They have held several meetings at which resolutions were adopted favoring segregation, and a committee has been appointed with a view to obtaining as many proxies as possible. An especial effort is making to obtain proxies from non-resident shareholders, and it is said a larger representation of stock will be voted at the annual meeting in favor of segregation than has yet been voted for that project. At two previous annual meetings segregation was defeated decisively. The vote against Mr. Chapman's motion a year ago for appointment of committee to investigate feasibility of segregation was defeated overwhelmingly. Mr. Chapman was a year ago a candidate for election on the board of directors, but owing to the inroads made upon stock supporting him was compelled to retire. He threw his large block of stock to support of G. W. Sherwood, who is the only one of the seven directors who favors segregation of stock. The other members of the board are resolutely opposed to segregation, and fought the proposition successfully at the two last annual meetings. While these members of the board have not as yet obtained any proxies for the meeting, they will rely upon the presence of a large representation of shareholders for defeat of segregation, which they have no hesitation in declaring would be inimical to the best interests of the company. They hold further that the large outstanding bonded indebtedness of the company will render it legally impossible to segregate stock, and also declare that a two-thirds vote in favor of the project cannot be had.

Separatists are asking for proxies from stockholders upon the proposition for appointment of a committee to investigate the feasibility of segregation, and to report their findings to the board. While this proposition seems to be harmless enough, members of the present board point out that a proxy thus given may be voted upon any question supported by separatists, including selection of a new board of directors. Among some of the separatists a statement is freely made that it is their aim to elect a majority of the new directors. They also declare themselves in favor of issuing the four thousand shares of treasury stock, and placing it upon the market at a price of \$50 per share. The present price of stock is \$225, and many irrigators throughout the district declare that the proposed price of \$50 is absolutely ruinous to their interests. They maintain that even should segregation be brought about the price of water stock should not be less than \$100 and others maintain that \$150 per share is not too high. They point out that water is a life-giving element to horticultural operations in the valley, and that land with water stock which is now held at \$2,000 per acre would fall to a mere segment of this figure if water stock were removed from it. They hold that, even though production of more than one million dollars of oil in the La Habra reservoir tract during the past two years has inflated the price of their shares, water is more important to them than oil, for without irrigation the magnificent orchards which are the foundation for the valley's prosperity, would be made an impossibility.

They also hold that the issuance of four thousand shares of treasury stock would tend to materially decrease their supply of water now being run on the eight thousand shares of stock held by irrigators. During the summer months of water shortage runs are limited to half an hour per share. If these four thousand shares are placed upon the market and sold they maintain the time limit must necessarily be greatly shortened.

The company has received in royalties from the Amalgamated company more than \$150,000 in two years. This money has been advantageously invested for the benefit of irrigators, and has not been squandered as some of the separatists assert. New pumping plants have been installed, largely increasing the supply of water, and new pipe lines have replaced open earthen ditches, which add greatly to conserving moisture during the irrigating season. One of these pipe lines brings water into this city from the Yorba reservoir, a distance of eight miles, replacing a long stretch of earthen ditch which had been in use for more than half a century. The pipe line is not yet completed the entire distance from the reservoir higher, but the intervening section will probably be piped the present year.

Mr. Chapman, who is the largest stockholder in the company, and the leader of the separatists, has acquired a new tract of 390 acres on the Kramer ranch upon which he has water stock to the extent of 93 shares. He would probably, if segregation were brought about, purchase 300 or 400 shares of the treasury stock which he seeks to issue at \$50 per share. Other

Since the appointment of Associate Justice Mahlon Pitney to the United States Supreme Court by President Wilson it was impos-

sible, till the other day, to obtain a photograph of all the members. Supreme Court justices are busy men—and dignified. In Washing-

ton they hold themselves just a little aloof, and every photographer can't run in and get them to pose for a snapshot.

But the entire court has at last been persuaded that the country is entitled to see what the members look like in their robes of office.

## HAVE TO FIND A NEW MECCA

New Law at Reno, Nev., Makes Year's Residence Necessary

RENO, Nev., Jan. 2.—As a divorce center Reno went into the best-known class yesterday, when the new divorce law requiring a year's residence before application can be made for divorce went into effect. It is now just as hard in Nevada to shuffle off the bonds of matrimony as in any other state. The divorcees who are already here going through the process of separating themselves from their wives or husbands, will be permitted to finish their task, but thereafter none others but genuine, one-year-at-least residents need apply.

Reno's reputation as a divorce colony was made by the rush which followed the passage of an easy divorce law. Actresses, society women and others flocked here in droves.

Prominent among them was Mrs. Margaret Emerson McKim, daughter of Isaac Emerson, the "Bromo-Seltzer king" who married Alfred G. Vanderbilt after her divorce from Scott McKim. Virginia Harner secured her divorce from E. H. Southern here. Edna Goodrich came here to get a di-

vorice and immediately afterward married Nat Goodwin, whom she has since divorced. Others who were divorced here were:

Mrs. Florence Jenkins, of Baltimore; Mrs. Henry Hutt, wife of the artist; William E. Corey, who afterward married Mabelle Gilman; Philip Dodge, president of the Mergenthaler Linotype Company; and R. M. Rudington, known as "the father of the divorce colony."

## SANTA ANA DRUGGIST HAS VALUABLE AGENCY

—The Rowley Drug Company has the Santa Ana agency for the simple mixture of Buckthorn bark, glycerine, etc., known as Adlerika, the remedy which became famous by curing appendicitis. This simple remedy has powerful action and drains such surprising amounts of old matter from the body that JUST ONE DOSE removes sour stomach, gas on the stomach and constipation almost IMMEDIATELY. The QUICK action of Adlerika is astonishing.—Advertisement.

## FULLERTON IS COLLEGE TOWN

The Additional Courses Given in High School Are Making Good

FULLERTON, Jan. 2.—Fullerton as a college town is making a decided success, according to information on the Junior College given out by Principal Delbert Brunton. Through Prof. Shearer, has agreed to accept credit in enrolling Fullerton Junior College students, and it is said the University of California will do the same.

Throop ranks with the strictest schools in the country in the severity of its admission requirements, and since it was influenced in its decision by the attitude of the State University, there is little doubt but that Fullerton college men can soon enter any institution of higher education on the coast with full credit.

"This recognition places the Junior College on the highest plane," said Prof. Brunton. "It does not mean that we are accepted without qualifications, but it does mean that the biggest educators in the country are satisfied with the course we are offering. Whether this recognition will be extended to us without reservations depends upon the success of our graduates who enter the institutions. If the men and women we turn out make a success the full credit will then be awarded Fullerton. It is strictly up to us, to use a slang expression.

"There are now twenty-eight students enrolled in the Junior College. One or two of these may enter higher institutions next year, but the greater majority will complete the two years. At that time they will be entered as juniors."

"The largest number are enrolled in the schools of English. History ranks next in size."

**Pioneer Dies**  
The death of Mrs. P. Pfening, aged 72 years, occurred Wednesday Mrs. Pfening has been a well known and highly esteemed resident of Fullerton for over twenty-five years. She was born in Germany, her parents coming to America when she was only two years of age. Deceased is survived by four children, John H. Emma C. and George C. Pfening of Fullerton, and Miss Lella Pfening of Los Angeles. The remains were cremated in Los Angeles in accordance with Mrs. Pfening's wishes.

**Free Mail Delivery**  
Postmaster Edwards states that he has been informed by the department at Washington that Fullerton will have free city delivery within two months. He also says the postoffice room is to be remodeled so that there will be much more room for the handling of mail. The entire front of the room will be removed. The business of the postoffice has been gaining rapidly during the past five or six years.

**News Briefs**  
L. E. Emeriga has returned from a six months' visit in the East. He came direct from Florida and says that state has a big orange crop this

year and that the fruit is in good condition.

Frank McKelvey and wife are here from Lempee to spend New Year's with S. D. McKelvey and family.

R. C. Walker has sold a fifty-foot lot on West Whiting avenue to J. L. Groer. Walker takes in exchange a house and two lots on West Whiting.

Mr. Walker will remove the old building and erect a modern residence. The South Fullerton Oil Company, which is operating near Toro, has its well down 4200 feet, and is now arranging to put it on the pump in about three weeks. There is a great deal of water in the well, but it is believed the company will get 100 barrels or more of oil per day when the water is pumped out. The well cost \$6,000. It is said another well will be drilled at once if enough of fuel oil is found in well No. 1 to supply the boilers for drilling well No. 2.

O'Neal & Welch, South Dakota bankers, associated with residents of Los Angeles, have taken a long lease on the McComber ranch, near Northam station, and will drill at once for oil. The well is not far from the famous Emery gushers.

**COLDS TO BE TAKEN SERIOUSLY**  
—Intelligent people realize that common colds should be treated promptly. If there is sneezing, with chilliness and soreness, tickling throat and coughing, the latter especially annoying at bed time, use Foley's Honey and Tar Compound. It is effective, pleasant to take, checks a cold, stops the cough which causes loss of sleep, and lowers the vital resistance to disease. Remember the name, Foley's Honey and Tar Compound and avoid substitutes. Win-good's Drug Store.

**Wore a Mask**  
The season was a bad one, and Paddy, wearing a fortnight's beard, went to his landlord to look for a reduction. "The man of wealth, hearing his tenant's piteous appeal, jocularly said: 'My good man, why don't you shave?'" "Well," said Paddy, "I didn't like to come to you barefaced."—Shamrock and the Emerald.

**New Year's Wish and Telegrams**  
A very acceptable message to send with your card to a friend on New Year's morning is the following sentiment:  
Now what is here?  
A word of cheer  
To herald in another year,  
May all its days be free of blame,  
A little nobler than your aim,  
May all its labors be content  
A little better than your best  
And all the joys within its scope  
A little brighter than your hope  
And may each year be found when past  
A little dearer than the last.  
As a postive distribute telegram blanks with the words "New Year's Day" in large letters at the top and tell each one to write a telegram beginning with the letters of the above in the order that they come. Of course these will be the merest nonsense, but loads of fun, as the following example shows:  
"Nora. Every woman yearns everlastingly after romantic situations. Delighted again yesterday."

## USE FOREIGN LABOR ONLY AS NECESSARY

Resolution Passed at Villa Park Indorses Action of Manager

At a meeting of the stockholders of the Central Lemon Growers' Association at Villa Park on Wednesday afternoon at which about fifty or sixty of the members were present, the following resolution was offered and adopted unanimously:

"We express our confidence in the board of management of this association in all matters and particularly in regard to the labor question, and instruct the management to continue to use its best efforts in regard to procuring labor, and exercise its judgment, with the distinct understanding that as soon as foreign labor can be dispensed with entirely, it be done."

A resolution was also adopted that a committee be appointed to look into purchasing some land in the vicinity of Villa Park to be sold to possible purchasers in town lots, on which houses could be built, which would go a long way toward solving the labor question, since at present there are no houses that could be rented by those who might seek employment in the neighborhood. The question was thoroughly discussed and all members present were of the opinion that when the output becomes great enough there will be no trouble in securing help, but with the present output trouble is likely.

The resolution was in reference to the employment of Japanese packers by Manager Eastin. Two of the five Japs were kidnapped and taken to a train recently by white men from Orange. The Japs returned.

## LOAN NOT THROUGH THE ANAHEIM BANK

ANAHEIM, Jan. 2.—G. Burr Casler, curbstone broker of Los Angeles, who is charged with stealing 108 shares of the Anaheim Union Brewing Company's stock, did not secure a \$35,000 loan on the stock from the First National Bank of Anaheim, as it was first rumored. Antone Hessel, president of the Union Brewing Company, was the victim, and was easily persuaded to loan him that amount on the stock. John Hartung, president of the First National Bank, stated that Casler had negotiated for a loan of that amount on the stock, but had been refused.

**ON FIRST BOARD**  
Orange Post: Jacob Ross, a member of the first board of supervisors and the assessor of Orange county, was in Orange two or three hours on Saturday looking up old acquaintances. He is farming in a small way in Arizona, across the Colorado river from Needles, living alone and sacking and roughing it for his health. He came back to California to spend the holidays with his family at Santa Ana.

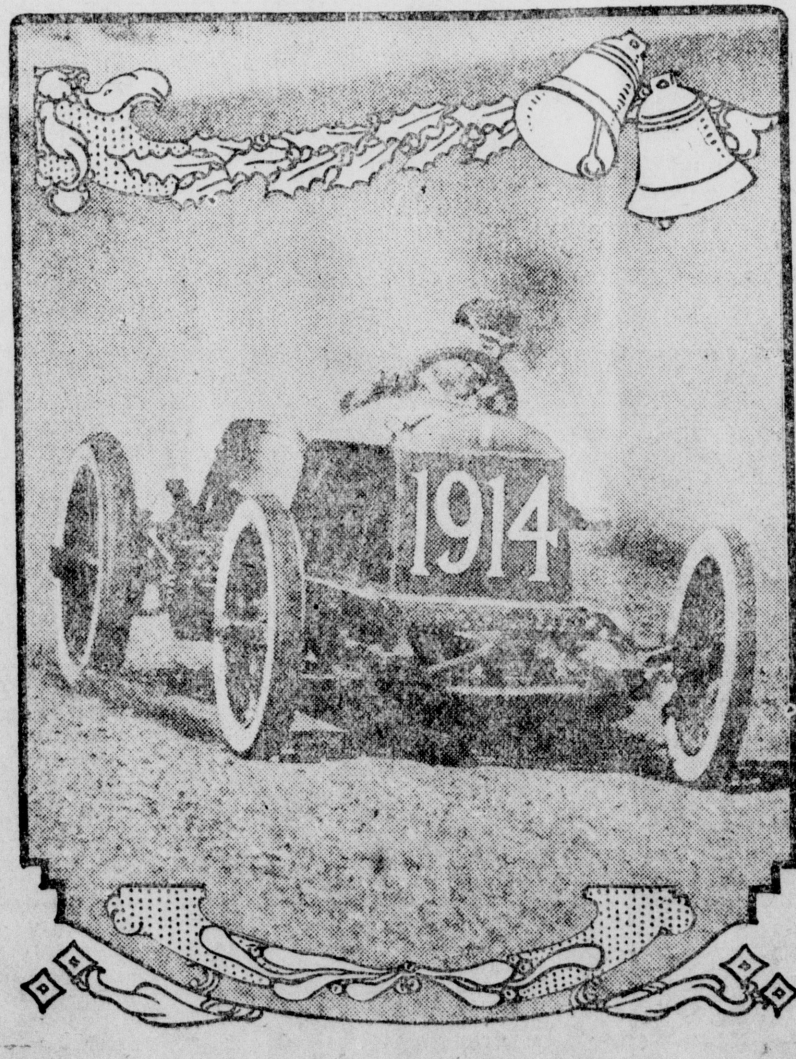

**Fire Truck at Garage**  
Orange News: The city's automobile fire truck is now stationed at the Dierker garage, where it is to remain until the fire company has completed the installation of a new floor in its building on South Olive street, where the fire truck has previously been housed.

The test of the fire alarm system conducted this week proved that the system is in good working order. An extra alarm in addition to the two scheduled was turned in. It was a telephone alarm registered from the fire hall.

**When is a Boat Not a Boat?**  
Harbor officials are in a quandary over this question: "When is a boat not a boat?" It all comes about through the popularity of the hydro-aeroplane, and so far there is no one connected with the government service who seems to be able to answer it. The officials whose duties include the enforcement of the harbor regulations maintain that it is a boat and as such comes under the regulations governing power boats and therefore must comply with the laws by carrying the stipulated equipment of signal horn, lights, life preservers, etc. On the other hand, the officials of the Aero Club of America as stoutly maintain that it is not a boat, but an aeroplane, and for proof to the fact that it must have Aero Club sanction to participate in competitive events and that its pilots must operate under an aviator's license, just as though it had only wheels instead of a hull for water maneuvering. Even the tentative court of last resort, the American Power Boat Association, confesses itself "stumped."

## TWENTY HOUSES STARTED IN MONTH

Every Evidence is that Santa  
Ana Gained Population  
in 1913

ANAHEIM, Jan. 2.—Postmaster Duckworth announced at the close of the office last evening that the postal receipts had been 20 per cent greater during 1913 than those of the previous year. The increase in December alone was 25 per cent heavier than in December of last year. Mr. Duckworth is considering the establishment of two more rural routes for the accommodation of persons living beyond the range of accommodation by the city deliveries.

## TWENTY PER CENT GAIN DURING 1913

Twenty new houses were started in Santa Ana during the month of December, and H. D. Meyer concluded to add to his new concrete building at Third and Spurgeon another story to be devoted to apartments.

These are as good evidences of steady growth as any one could ask. Throughout the whole of 1913 Santa Ana moved steadily ahead, typifying the development of the city, which is not a boom city in any sense of the use of that word to designate a place of mushroom growth.

In population Santa Ana undoubtedly made a substantial advance in the last year. When new houses are constantly being erected and profitable houses are being drawn, it is but one conclusion to be drawn.

During December the principal permits issued were as follows:

To Fred Franke, frame dwelling at 904 Stafford, \$325.

To W. A. Venn, store building at 544 East Washington, \$900.

To L. M. Ballard, bungalow at 2038 Lacey, \$1900.

To F. W. Kellogg, 6-room house at 802 South Broadway, \$2900, with G. L. Smith contractor.

To Otto Pantz, 5-room house at 825 Garnsey, \$1700.

To Fred Keller, 5-room house at 1121 Logan, \$1000, with J. P. Stevens contractor.

To R. H. Liggett, 5-room house at 708 West Fourth, \$1250, with W. T. Mitchell contractor.

To same, at 706 West Fourth, \$1250.

To Smiley, 4-room house at 1510

North Sycamore, \$1000, with H. A. Skiles contractor.  
To J. B. Winter, 6-room house at 1700 Bush, \$2500.  
To A. M. Faeon, 5-room house at 1032 Highland, \$300.  
To D. M. Weston, 5-room house at 921 West Fifth, \$1150, with W. T. Mitchell contractor.  
To W. T. Mitchell, 5-room house at 917 West Fifth, \$1200.  
To Mrs. Bertha Sackman, double house, 8-room, on West Fourth, \$2170, with O. V. Noble contractor.  
To T. R. Le Page, 6-room house at 1032 West Second, \$1250.  
To Santa Ana Commercial Co., ice plant at 1105 East Fourth, \$300.  
To J. J. Peters, 5-room house at 1125 West Fifth, \$800.  
To same at 1139 West Fifth, \$800.  
To H. R. Palmer, 3-room house at 913 Cypress, \$400.  
To H. D. Meyer, third story on building going up at Third and Spurgeon, \$10,000, with N. L. Galbraith contractor.

To F. Anderson, 6-room house at 611 F street, \$1300, with E. A. Noe contractor.  
To C. F. Smith, basement at Third and Main, \$3000, with Paul Carnahan contractor.  
To C. F. Smith, 9-room building repaired at 109 East Third, \$600.  
To J. T. Wilson, brick bake oven at 317 West Fourth, \$350, with Frank Hell contractor.  
To R. E. Myers, 3-room house at 926 West Walnut, \$500.  
To F. R. Beach, 6-room house at 605 South Broadway, \$1700, with Cliff Pickering contractor.  
To W. C. Hocter, 1-room building at 2219 Grand, \$100.

LA HABRA IS GOING  
TO SECURE A BANK

La Habra will have a bank. This is definitely decided. At a meeting held at the La Habra school house last Saturday evening, steps were taken that assure a strong financial institution at this growing center of that fertile valley. The prime mover in the new bank is John H. Cox of that city, a experienced banker. The new institution will be called the Golden State Bank of La Habra, and its directors will include W. L. York, F. E. Proulx, John H. Cox, John Leulin, Oscar Baldwin and Lowell W. Cox. The stock has been subscribed largely by La Habra men.

Raise to \$1000  
Garden Grove News: The Washington dispatches got the facts about the Garden Grove postoffice somewhat confused. When Postmaster Junkin received the official and formal notice from the postoffice department, the error appeared. Instead of a salary of \$1100 it is only \$1000. And instead of having an additional appropriation with which to pay an assistant the postmaster must dig into his own pocket. When it is all figured out and understood the only difference between the new and the old arrangement is that the department will pay rent and lights, for in the change to a salary the amount is based upon the stamp cancellations.

## THE BUILDING PERMITS ALONE ARE \$704,009

Santa Ana May Well Be Proud of Her  
Advancement During the Past Year  
And 1914 Will Be Better

The total of building permits issued in Santa Ana in 1912 was \$611,536.

The total of building permits issued in Santa Ana in 1913 was \$704,009.

In other lines of advancement Santa Ana made splendid progress in 1913. Among the most notable improvements of the year is the paving of several streets. By their streets you may know cities. Santa Ana is building good streets.

Judged from any standpoint in building, the year 1913 was a remarkable year in Santa Ana's upbuilding.

It was remarkable not only for what was done but for what has been planned for 1914. It is well enough to point out that the total permits for 1913 exceeded 1912 by \$100,000, but it is also gratifying to know that Santa Ana in 1914 is going to witness the beginning of the construction of two big business blocks, bigger and higher than anything yet built in the business section of this city.

Plans are already made for vacating the Spurgeon Realty Co. building at the southwest corner of Fourth and Sycamore streets, that a fine four-story brick building may take the place of the pioneer big brick block of the city. The Spurgeon Realty Co. contributed a good deal to the progress of 1913 by building the fine two-story brick building at the corner of Third and Sycamore streets, north of the Register building, also to be counted as one of the good things that 1913 has brought to this county seat.

Probably within ninety days the Farmers & Merchants National Bank will be at work upon its proposed

the establishment of a factory for the purpose of manufacturing auto trucks. A committee was appointed by the board to visit the company's offices in Los Angeles, examine the books and take an inventory of the property and contracts. Messrs. A. Mills, Herman Noll and Louis Bushard were named.

The company wants a site of three acres, and the old Dreyfus winery building has been suggested. After examining the premises, Messrs. McFadden and Brizzolari stated, although a more substantial structure than was absolutely necessary, it was suitable, inasmuch as it could be either leased or purchased with the three acres of ground needed.

## ORANGE RESIDENTS BUILDING BUNGALOWS

New Houses for M. O. Ainsworth, H. M. Elliott and R. H. Sussdorf

Orange Post: M. O. Ainsworth is building a one-story frame bungalow on West Chapman avenue. The building is 30x54 feet, and contains six fine rooms of more than the average size. There are many built-in features, including an elegant buffet, two bookcases, an arch, fireplace with mantle, and many other necessary conveniences which are usually included in the general plan of a modern cottage. We are informed John S. Newton has the contract.

H. M. Elliott has let a contract for building a six-room cottage to L. C. Gates. The location of the house is on North Orange street. Mr. Gates has the building enclosed and plastered, and is otherwise pushing the work along in a satisfactory way.

Some weeks ago W. F. Eden took a contract to build a one-story house at Villa Park for Mr. Ralph H. Sussdorf on his ranch, formerly the Stanley place. This building is of the prevailing bungalow type and is 45x57 feet in dimensions, with a timber pergola 16x18 feet on the west side. The building is of frame construction on a cobbles stone foundation; a wide, round, corner porch, also with stone

Leaves Anaheim

ANAHEIM, Jan. 2.—Mrs. Cella Dyer, wife of Herbert Dyer, used of wronging his 13-year-old daughter, Hester Butler, followed the example of Dyer and disappeared sometime Tuesday. Before leaving she promised to secure Frank Chleb and W. B. Webb, the bondsmen, who forfeited \$5000 because of her failure to appear at his preliminary hearing.

At the Santa Fe station it was learned that Mrs. Dyer had bought a ticket to Los Angeles, and her trunk was tagged to that place. By prying the tag, however, it was learned that at Albert, B. C., was her destination. Every effort will be made to bring them both back, as it is believed that she means to join Dyer at that place.

A. E. Schumacher and O. H. Renner have purchased the interest of W. Quorton in the S. Q. R. store, one of the leading mercantile concerns. Schumacher and Renner will continue the business under the old name and expect to move into the new quarters the Dryfus building in the near future. Mr. Quorton will give his attention to his land interests in the northern part of the state.

## Our Tustin News Letter

### SOCIETY AND CLUBS

**Visited in Anaheim**  
Mr. and Mrs. H. P. Christensen and daughter, Miss Madeline Christensen, and baby Harold spent the week end with Mr. and Mrs. J. F. Johnson in Anaheim. The dinner party on Sunday was a gathering of old friends from Minnesota which made the day a very enjoyable one. Mr. Christensen and family returned home Sunday evening.

**Family Gathering**  
Mr. and Mrs. W. L. Leiby had a family gathering last Sunday at the last Sunday dinner in their old home where they have lived for thirty years, and which they have recently sold.

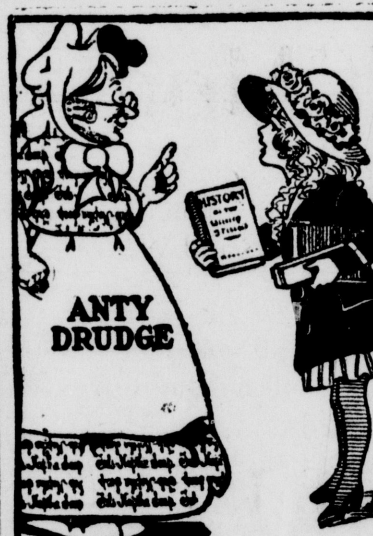

Mr. and Mrs. Leiby will not leave Tustin but will make their home with their daughter, Mrs. Byron Johnson, for the present.

**Tustin Y**  
The Tustin Y will meet next Friday night, January 9th, with Miss Avis Smith.

**W. C. T. U.**  
The Tustin W. C. T. U. will hold the regular meeting on January 8th at the home of Mrs. Sarah Brown. Mrs. C. A. Miller will have charge of the program for this meeting. A full attendance is expected.

**New Year's Dinner**  
Mr. and Mrs. Fred Currier entertained at dinner on New Year's day. Their guests were Mr. and Mrs. E. J. Cranston and little daughters, Marjorie and Leona; Mrs. Sarah Moores and Miss Rhoda Smith of San Bernardino. Mr. and Mrs. Currier are well settled in their new home on D street, which was beautifully decorated on New Year's day with baby roses and plumosus fern.

**Birthday Party**  
On the occasion of her sixth birthday little Helen Smith entertained a number of her young friends last Saturday afternoon. A program of games had been arranged for the afternoon and the little folks had a very happy time. Such fun eating popcorn, apples, cookies and animal crackers, not only to eat, but play games with. The invited guests were Lenora Cindrella and Beulah Phinney, Clarence Bowman, Helen Stearns, Norma Nordstrom, Henry Marple, Billie Milne, Blanch and Grace Triplett, Thelma and Louise Artz, Alice Holmes, Marjorie

Mary Schoolgirl — "We are studying about the landing of the Pilgrims at Plymouth. Just think of the hardships they had to undergo and how brave they were!"

Anty Drudge—"Yes, and have you read of how the poor women had to do their washing in the icy waters of the bay? They had no Fels-Naptha Soap to make their washing easy, either."

No woman is so strong that she can afford to waste her strength. Fels-Naptha Soap gives tired, worn-out women a chance to rest and time for pleasure by making their work easy. It does washing, and housework, in less time, better and more easily than it was ever done before. It dissolves grease, takes out stains and makes clothes sweet, clean and white in cool or lukewarm water, with no scrubbing, hard rubbing or boiling.

Follow the directions on the Red and Green Wrapper. Better buy Fels-Naptha by the carload or box.

and Leona Cranston, Stella and Rachel Shepard.

Helen was greatly surprised and delighted with the lovely presents brought by her little friends.

**Stearns-Sibley**  
Miss Carrie Sibley and Roland Stearns, son of Mr. and Mrs. Wm. Stearns of Fairhaven avenue, Tustin, were married last Monday evening at 8:30 at the home of Miss Sibley's aunt, Mrs. Mary Riley, Huntington Park, Los Angeles.

There were about fifty relatives and friends present. Miss Sibley is loved by all her relatives and everything was done to make the wedding a pretty one.

The bride wore a gown of white charmeuse with white Maribeu trim and carried a bouquet of lilies of the valley. The attendants were Miss Christine Riley and Geo. Sibley, brother of the bride, the bridal party led by two little flower girls. Three large rooms thrown into one were beautifully decorated with fern and poinsettias. The ceremony was performed under a large white bell hung from a canopy of green, by Rev. Cohn of Los Angeles.

**Birthday Party**  
Little Helen Stearns, daughter of Mr. and Mrs. J. C. Stearns, entertained a party of little girls to celebrate her seventh birthday on New Year's afternoon. Different games were a source of great fun and each little girl was on the program for a speech or song. The program was given on the porch and the lawn and this was followed by the serving of fruit and delicious cake. The invited guests were Exene and Willetta Smith, Helen Pollard, Norma Nordstrom, Helen Smith, Thelma and Louise Artz, Velma Awe, Lenora Cindrella and Beulah Phinney, Marjorie Cranston and Hazel Stearns.

**Tustin Ebell Section**  
The Tustin Literature section of the Ebell Society will meet on Tuesday afternoon at the home of Mrs. Frank Bennett.

## HIGHWAYMEN OF SEA SEEKING TO ROB STEAMSHIPS

Highwaymen of the sea—men who are willing to board steamers plying between Los Angeles harbor, San Francisco, Portland and Seattle, attempt to rob passengers and crew at the point of guns and command the man at the wheel to steer alongside a waiting launch in which they make their escape—are operating on the Pacific coast, says the Los Angeles Tribune.

Yesterday, two wireless messages from Captain Reiner, of the steamer Willamette, which had just sailed from Los Angeles harbor for Seattle, told of the first attempted holdup at sea on the Pacific coast, as the vessel was half a mile off Point Vicente.

The highwaymen of the sea were overpowered after a struggle, and the mysterious launch, which was within speaking distance, drew away and disappeared, but officers from San Diego to San Francisco are keeping a sharp lookout for the craft, and the moment it casts anchor and those aboard come ashore, they will be arrested. The launch, it is said, is the fastest ever seen in southern waters.

## Developing Trade Abroad

Plans outlined for developing trade of the United States abroad are detailed in the report of the Department of Commerce. These plans are of great moment to the country. The Secretary of the Department, in the carrying out of the plans, would reorganize his department. Here is what he says: "Briefly stated, the proposed organization provides for commercial attaches to be located at each of fourteen capitals, accredited to our embassies there by the Department of State, but reporting directly to the Department of Commerce. Their purpose will be to study the commerce and industries of the nations where they reside. They will have no other duties. They will collaborate with the Consuls, having the advantage of the larger view and of the freedom from other cares.

"It is recommended that the Consuls shall on purely commercial matters report directly to the Department of Commerce and that they shall co-operate with the commercial attaches in presenting between them a complete and unified knowledge of the commerce and industries of our great competitors. These two forces should normally supplement each other—the attaché has the general field, the Consul the particular field. The one collects, the other co-ordinates. Each supplies with the other that which without him we could not have. Each is at once a corrector and an incentive to the other.

"It is intended to enlarge the force of commercial agents which is composed of special investigators, trained in their separate lines of study, each pursuing some special theme, and for that purpose traveling from country to country wherever information on that subject can be had. For this purpose a special appropriation of \$100,000 is asked for the study of commercial conditions in South America.

"Possibly I may have erred in not asking a more adequate provision for this great work. Certainly it is not consistent with our national self-respect to ask for less. It should be noted, finally, that now is the appointed time. We have spent several hundred millions preparing the Panama Canal and the nations of the world have been getting ready for its use, while we have done almost nothing actively to promote the commerce which should repay the nation, in part at least, for this vast outlay.

## Oil Shipments in November

Shipments of refined and fuel oils from San Francisco customs district during the month of November were somewhat smaller than in October. The shipments in October reached the highest mark in the history of the California oil export trade, aggregating 47,287,962 gallons, valued at \$1,211,362. The total value of last month's exports was considerably below the million-dollar mark. Last month's shipments were as follows:

Refined to—	Gallons.	Value.
China	5,650,000	\$254,250
Japan	861,783	37,780
Total refined	6,511,783	\$292,030

*November, 1912	24,349,569	674,905

Increase 6,905,344 \$ 50,949  
Includes 10,238,000 refined oil and 14,111,800 gallons fuel. In November, 1911, the total shipments were 14,262,378 gallons, against 10,546,880 gallons in 1910, the latter being all fuel.

## Violations Service Law of Railways

"Violations of the law limiting the service of train employees on American railways to sixteen consecutive hours go to the very heart of the efficiency and safety of train operation," said Commissioner Charles C. McChord, commenting upon a statement issued by the Interstate Commerce Commission, analyzing the monthly reports of interstate railroads on hours of service during the fiscal year ended June 30, 1913. Nearly 300,000 violations of the sixteen-hour law are reported by 269 railroads which employed 251,111 men in handling trains during the year, the road submitting various reasons why such violations were necessary.

The law requires that telegraph operators employed by railroads in train operations, shall not be on duty in excess of nine consecutive hours. The total number of violations of this law as shown by the analysis, was 26,688, while it is noted that in 4544 instances telegraph operators in offices operated only in daytime, were on duty for longer periods than 13 hours.

Up to November 1, 1913, the total penalties collected from the railroads because of violations of this law amounted to \$156,562.14, of which \$14,500 has been assessed because of failure of the carriers to report specific instances of excess service.

## As to Corporation Tax

The Supreme Court of the United States refused the government's request to review the decision of the Circuit Court at Philadelphia that the corporation tax was not collectible from "dividends" of mutual insurance companies, consisting of premiums returned or otherwise invested at the option of the policyholder. As a result the government will be required to refund about \$1,500,000 already collected and to forego any such collections under the present income tax law.

The power of a State to tax net receipts of life insurance companies in each county was upheld by the Supreme Court, in a case where the New York Life Insurance Company resisted the collection of a tax by Deer Lodge County, Montana. The company contended vainly that the action of the State was an interference with interstate commerce. Justices Hughes and Vandewater dissented.

## Automobiles in California

Since the registration department for automobiles in California was established there had been registered up to the 1st inst., 128,276 autos, of which 31,272 were registered this year. Population considered, California leads the world in ownership of automobiles. It is fourth in rank in number of trucks owned for commercial purposes, the order being: New York, Pennsylvania, Illinois, California.

## Glendale Bank Changes

A change in the directorate of the Glendale Savings bank has been made by the addition of George T. Paine. The officers and directors are: Ed M. Lee, president; W. W. Lee and E. U. Emery, vice-presidents; M. P. Harrison, secretary; C. D. Lusby, cashier; David Francy, T. J. Hutchinson, W. S. Perrin and George T. Paine, directors.

## Hawaiian Sugar Crop

The Hawaiian sugar crop this year was 546,798 tons, the smallest crop for the past three years. The season for the sugar crop in the islands begins October 1 and ends September 30. The annual meeting of the planters is held in Honolulu. At the recent annual session figures were presented which give the sugar crop for several years past. From these figures it is learned that the total crop in 1907 was 440,017 tons; in 1908 it was 521,123 tons; in 1909 it was 535,156 tons; in 1910, 517,090 tons. For the years 1911, 1912 and 1913 the crop figures in detail follow:

## Los Angeles County Highways

During the first nine months of the current year Los Angeles County completed 34 miles of rock and oil highways at a cost to the county of \$105,365.83, the total cost being \$315,000. The cost of construction per mile varied from \$1,892.78 to \$5,949.94. It is a uniform price from being fixed by manufacturers and jobbers, binding upon retailers, as to articles of their manufacture.

"It remains to state but one further point of important policy that the department desires to carry out. It wishes to supplement the inquiry now drawing to a close into the cost of production in the pottery industry by undertaking an inquiry into the cost of production of clothing of all kinds and of different materials, including hosiery, knit goods, and their fellows. It is recalled that not only is this a matter which affects every man and woman in the country, but that it is a subject which has been approached several times, but which has never received thoughtful study as a whole. The late tariff board inquired into the cost of cotton and worsted cloth, and to some extent into the costs of making knit goods and hosiery. It did not, however, pursue its inquiries fully into the cost of making all clothing of various kinds. Different States and municipalities have given study to the important question of wages and labor in clothing industries, and to the working conditions in them. No one, to my knowledge, has ever correlated the work of the various public and private organizations—national, State and municipal—and has added to them an inquiry into the fundamental elements of cost in these industries. Such a study should have important social results. It should develop the question as to whether the sweater is economically efficient or whether, by a properly organized and more scientific method of manufacture it would not be eliminated by the natural operation of economic law."

## Puckerless Persimmon Is Latest

Puckerless persimmons were shown at the American Pomological Society in Washington. They are the product of American scientific methods, although their native soil is Japan, and they are as luscious and as pleasant to the taste as the ripest and most beautifully sun-kissed peach. "Not a pucker nor a post-mortem question as to their flavor in a barrel of 'em," said an enthusiastic delegate. "They're juicy and as sweet as the honey from the bee." The method of treating the persimmons was developed by the Department of Agriculture. It consists of exposing the fruit after it is packed to carbonic-acid gas, which solidifies the tannin in the persimmons, rendering it insoluble and therefore eliminating the "bite."

## New Home for Citizens National

The Citizens' National Bank of Los Angeles which, for a number of years, has occupied quarters on the southwest corner of Main and Third streets, is to have a new home. It will be in a million-dollar structure, 12 stories in height, to be erected on the northwest corner of Spring and Fifth streets, to be known as the Citizens' National Bank building. Directors of the bank have signed a 20-year lease for the entire first floor and basement of the new building. Construction will start as soon as leases on the property expire, and the building will be completed early in 1915.

## COUNT IS VICTIM OF EXPERIMENT

He Took Suspended Animation Culture to Prove Theory of Recalling Life

NEW ROCHELLE, N. Y., Jan. 2.—A telegram was received yesterday by Mayor Edward Griffin from Dr. T. F. Dailey of Elizabethtown, Ky., announcing the death of Count August de Castellane Seymour on Wednesday as a result of a self-administered injection of suspended animation culture to prove the theory that life can be suspended and called back at will.

The message stated that the count's last request was that he be buried near Tom Paine in New Rochelle. Henry M. Lester, president of the Huguenot Association, which owns the old Tom Paine house, stated that Paine's body is not in New Rochelle, but was stolen from its grave here more than 100 years ago and taken to England.

Count Seymour left New Rochelle last fall to ride horseback to San Francisco, preaching a new religion of his own invention in larger cities on the way.

## DOING THEIR DUTY

Scores of Santa Ana Readers Are Learning the Duty of the Kidneys

To filter the blood is the kidneys' duty.

When they fail to do this the kidneys are weak.

Backache and other kidney ills may follow.

Help the kidneys do their work.

Use Doan's Kidney Pills—the tested kidney remedy.

Santa Ana people endorse their worth.

R. J. Haines, Fowler House, 206 Ross St., Santa Ana, Cal., says: "I had pains through my back and sides. It was hard for me to straighten after stooping. The action of my kidneys was irregular. When I used Doan's Kidney Pills they made my kidneys normal and stopped the pains. I found that Doan's Kidney Pills are the best kidney remedy to be had."

"When Your Back Is Lame—Remember the Name." Don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Haines had—the remedy backed by home testimony. 50c all stores. Foster-Milburn Co., Props., Buffalo, N. Y.—Advertisement.

\$1.00 Gas for Garden Grove  
Garden Grove News: "Garden Grove is to have \$1.00 gas within ninety days, according to statements made by representatives of the company that is now supplying gas. The present rate is \$1.35. Under the new plan natural gas will be piped from the Fullerton district and distributed in the old mains to consumers. It is claimed that this gas will give entire satisfaction. The saving in cost also will be marked."

A Difference in Working Hours  
—A man's working day is 8 hours. His body organs must work perfectly 24 hours to keep him fit for 8 hours' work. Weak, sore, inactive kidneys can not do it. They must be sound and healthily active all the time. Foley Kidney Pills will make them sound and well. You can not take them into your system without good results following their use. They are tonic in action, quick in results, and contain no habit-forming drugs. Try them. Wingood's Drug Store.

## Merry Christmas

## Happy New Year

## Our Gift

TO YOU is 5, 10, or 20 acres of the finest

## Alfalfa Land

in the San Joaquin Valley, ABSOLUTELY FREE. We have sold at \$125 per acre, 2000 acres of our CARUTHERS TRACT, to satisfied buyers, and have recommendations from them, and are now taking this large hearted Yale time to clean the slate.

The land is located 16 miles south of Fresno, lies perfectly level, a rich sandy loam of analyzed quality, plenty of water at 15 feet, beautiful growing alfalfa in all directions. Farmers have been getting \$10 and more in the field, for the past two years. Ideal for dairy or hog raising. Close to fine market, and the richest little city of its size in America.

In order to dispose of each remnant completely, we are offering them in clubs of 20, 30, 60 acre tracts, at the regular price of \$125 per acre, but with a corresponding gift with our compliments. That is:

In clubs of three 20-acre tracts, we will give to each club member an extra 5 acres.

In clubs of two 30-acre tracts, we will give to each club member an extra 10 acres.

In clubs of one 60-acre tracts, we will give an extra 20 acres.

Now, how's that?

Call or write for our prospectus. Excursion up Dec. 30-31.

## Shoes! Shoes!

For Men, Boys, Ladies, Misses, Children and Babies

We are very proud of our stock of Shoes and the business we have done in this department. We have at last gotten in all our purchases and are ready for men, women and children with the greatest lot of good values ever shown in Orange county.

In our ladies' fine shoes we have the celebrated Johnson Bros. line—snappy, up-to-date lasts and best of all, when "we fit your feet they are glad." We are selling regular \$4.00 shoes for \$3.50. For a medium priced shoe we have them \$2.50 to \$3.00, and for a cheap shoe from \$1.50 to \$2.00.

For men's fine shoes we have the well known Crossett shoe and sell their regular \$5.00 shoes for \$4.50. Then we have Star Brand and Endicote Johnson in medium priced and work shoes and we positively save you 25c to 50c on any shoe you buy from us.

In our misses' and children's shoes we have the well known Albright shoes and we sell them from 50c up. No shoes that are made are better for the growing girls and children than Albrights Educator lasts.

And we are ready for the babies with a beautiful line of soft sole goods and fine turns. Yes we can fit grandpa, grandma, father, mother, sister, brother and baby. "Come in and be shown."

## Men's Furnishings, Hats and Caps

## Closing Talk

We can of course give you but a few items on this page but you will find our tables and shelves full of bargains. In addition to the big reductions as given we will have each day of the sale an

## Extra Special

which will be some item sold at for less than it is worth, so watch the paper each day for our Extra Specials for it will sure be worth your while.

We buy for cash and sell for cash, have no bad debts, no book-keeping expense and so can sell goods cheaper than others. Our mottoes are: "Cash Sales and Small Profits" and "No Trouble to Show Goods," so "Come in and be shown." Remember September last every dollar's worth of our stock was new. No old shop-worn goods.
